

ECGR 2181 Project – Rating of Team Members

NAME Aryan Gupta

Please write the names of all your team members, **INCLUDING YOURSELF**, and rate the degree to which each member fulfilled their responsibilities in completing the project. When finished, **upload it to Canvas as a PDF**. Each team member is expected to upload an individual rating.

These ratings should reflect each individual's level of participation, effort, and sense of responsibility, not his or her academic ability!

Possible ratings are as follows:

Excellent (5)	Consistently went above and beyond expectation – did much more than their fair share.
Satisfactory (4)	Did most of what they were supposed to do and took time to do it reasonably well. Took a fair share of the workload.
Ordinary (3)	Did most of what they were supposed to do but not always on time. Cooperative. Their contribution required some fine-tuning but was generally well prepared. Might have worked a little harder.
Marginal (2)	Did some of what they were supposed to do. Their work showed some lack of preparation. Overall share of workload was less than average.
Unsatisfactory (1)	Consistently failed to show up or complete assignments. Contributions showed a considerable lack of preparation. Little help in completion of project.
No Show (0)	No participation at all.
